Kaga Micro Solution Completes Construction of Fukushima Factory

Kaga Micro Solution Co., Ltd. (Head Office: Chiyoda-ku, Tokyo; President: Satoshi Eguchi), a wholly owned subsidiary of KAGA ELECTRONICS CO., LTD (Head Office: Chiyoda-ku, Tokyo; President & COO: Ryoichi Kado), today announces that a completion ceremony was held today for its Fukushima Factory, the construction of which has now been completed.

The Fukushima Factory will strengthen the company's manufacturing functions in Japan and be positioned as a "mother factory" for assembly of finished products in the Kaga Electronics Group's EMS (electronics manufacturing services) business. By partnering with the Group's overseas locations, the Fukushima Factory will pursue company-wide optimization and seek to boost business structure along with profitability.

As a community-based business and local community promoter, the Fukushima Factory will collaborate with other local businesses and also contribute to local development through new job creation.
