# Corporate Profile

---

## An independent trading company for general electronics with one-stop services

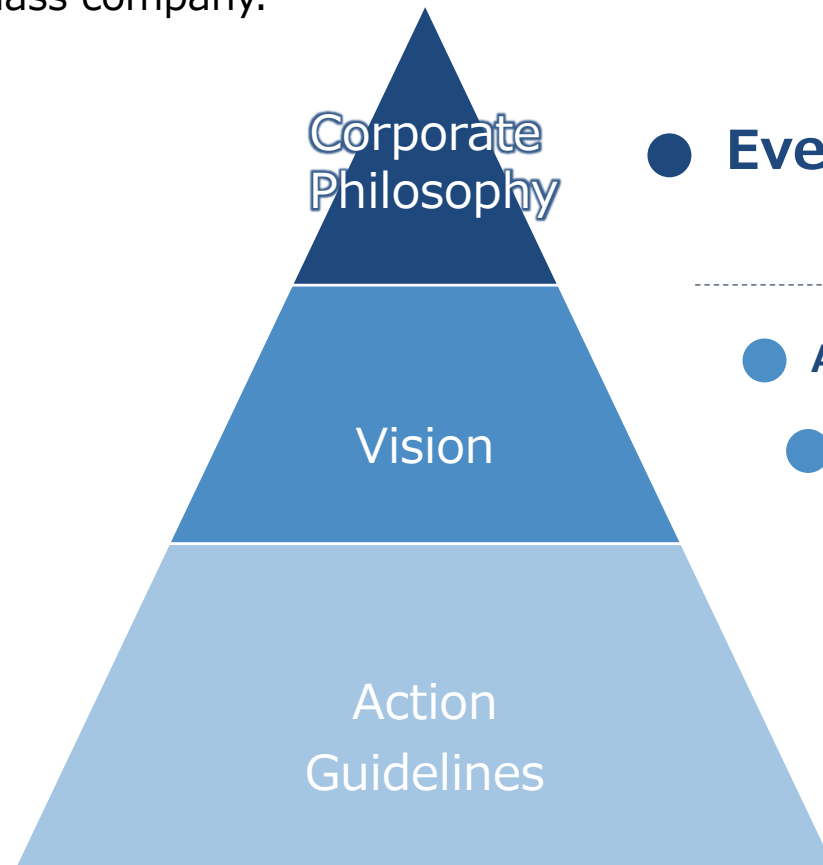

- Company Name: KAGA ELECTRONICS CO., LTD.
- Representatives: Founder & CEO: Isao TSUKAMOTO  
President & COO: Ryoichi KADO
- Head Office: 20 Kanda matsunagacho,  
Chiyoda-ku Tokyo 101-8629, Japan
- Established: September 12, 1968
- Paid-in Capital: JPY12,133 million
- Stock listing: Prime Market, Tokyo Stock Exchange  
(securities code: 8154)
- Number of Group Companies: 72 Companies (April 1, 2026)
- Number of Employees: 9,364 (FY ended March 2025)

Founder & CEO  
Isao TSUKAMOTO

President & COO  
Ryoichi KADO

“Everything we do is for our customers” – Since Kaga Electronics was founded, by intently listening to the voices of our customers and earnestly catering to their needs, we have expanded our business domain to include our EMS business, which includes everything from kitting to processing and manufacturing electronic components and semiconductors, and our information equipment business, which conducts sales of finished products. Going forward, we will continue to aim to be Japan’s No. 1 corporate group in the industry and become a competitive World-Class company.

## ● Everything we do is for our customers

---

● Aim to be “Japan’s No.1 corporate group in the industry”

● Aim to become a competitive “World Class Company”

---

● “F.Y.T.”: Flexibility, Young at heart, Try

● “3G” : General, Global, Group

● “KAGA-ism” : Management mindset,  
Sales mindset,  
Readiness as a member of society

There have been many sayings supported by the experiences of the founder and our forebears since the company's foundation, and these should be treated as treasures. They are our DNA that we will carry into the future as a foundation for our actions to overcome daily competition.

Three Pillars	Basic Principle
<b>1. Mindsets as a manager</b> Behavior with the awareness of "being one of the managers"	1-1. Be a manager with a grand dream and a strong will 1-2. Cultivate a hungry spirit to continue challenging yourself in everything that you do 1-3. Act first with high ambition
<b>2. Mindsets as a salesperson</b> Awareness and behavior as a "trading company employee or businessman"	2-1. Make TAXAN (much) effort to gain TAXAN (a large) profit, and become TAXAN (very) happy 2-2. Personal connections are intangible assets 2-3. Always be curious
<b>3. Mindsets as a member of society</b> Awareness and behavior in proceeding with business as a member of society	3-1. Self-improvement 3-2. Reward good work and punish bad work 3-3. Be fair and upright

Kaga Electronics has continued to grow, driven by our keen ability to rapidly sense changes in the times. This ability has ensured our consistent growth in an era of accelerating technological innovation. In more recent years, we have been proactive in efforts to create new businesses. With the information-gathering ability and sales network that we have cultivated over our long history as our foundation, we will continue to evolve towards unlimited possibilities, pushed ahead by unique ideas and unrestricted by our existing businesses.

# Earnings Trends Over Past 12 Years

Management with an emphasis on profit has taken root in the Group since 2014, resulting in an improvement in both operating income and the operating income margin.

The Company has aggressively carried out M&A since 2019, shifting to a growth trajectory. We aim for an ongoing increase in revenue.

## Electronic part and Semiconductors

Sales agent activities for general electronic components and semiconductors for customers in Japan and worldwide

## EMS

Providing total support for design, development, and manufacture of products ranging from semi-finished to finished products

## Information Equipment

Supplying PCs and peripherals to domestic and international distribution channels, and serving the network solutions field

## New Businesses

Development, manufacture, and sale of amusement-related products and software

## Sales composition ratio

64.6%

23.5%

8.2%

3.7%

# The Group's Strength-② : Global Network

Global network with 136 bases in 18 countries to respond swiftly and flexibly to customer needs.

## Europe

- Production : Czech, Turkey
- Sales : Germany, Austria

## China

- Production base : Shengzhen, Shanghai, Suzhou, Hubei
- Sales base : Hong Kong, Shanghai, Dalian

## Japan

- Production base : Towada, Yamagata, Fukushima, Niigata, Tokyo, Tottori

- KAGA Electronics Group

## Basic approach

With a global production system based in Japan that covers five regions of the world, we will develop an EMS business focused on local production and local consumption that is rooted in the market, while supporting our customers' manufacturing.

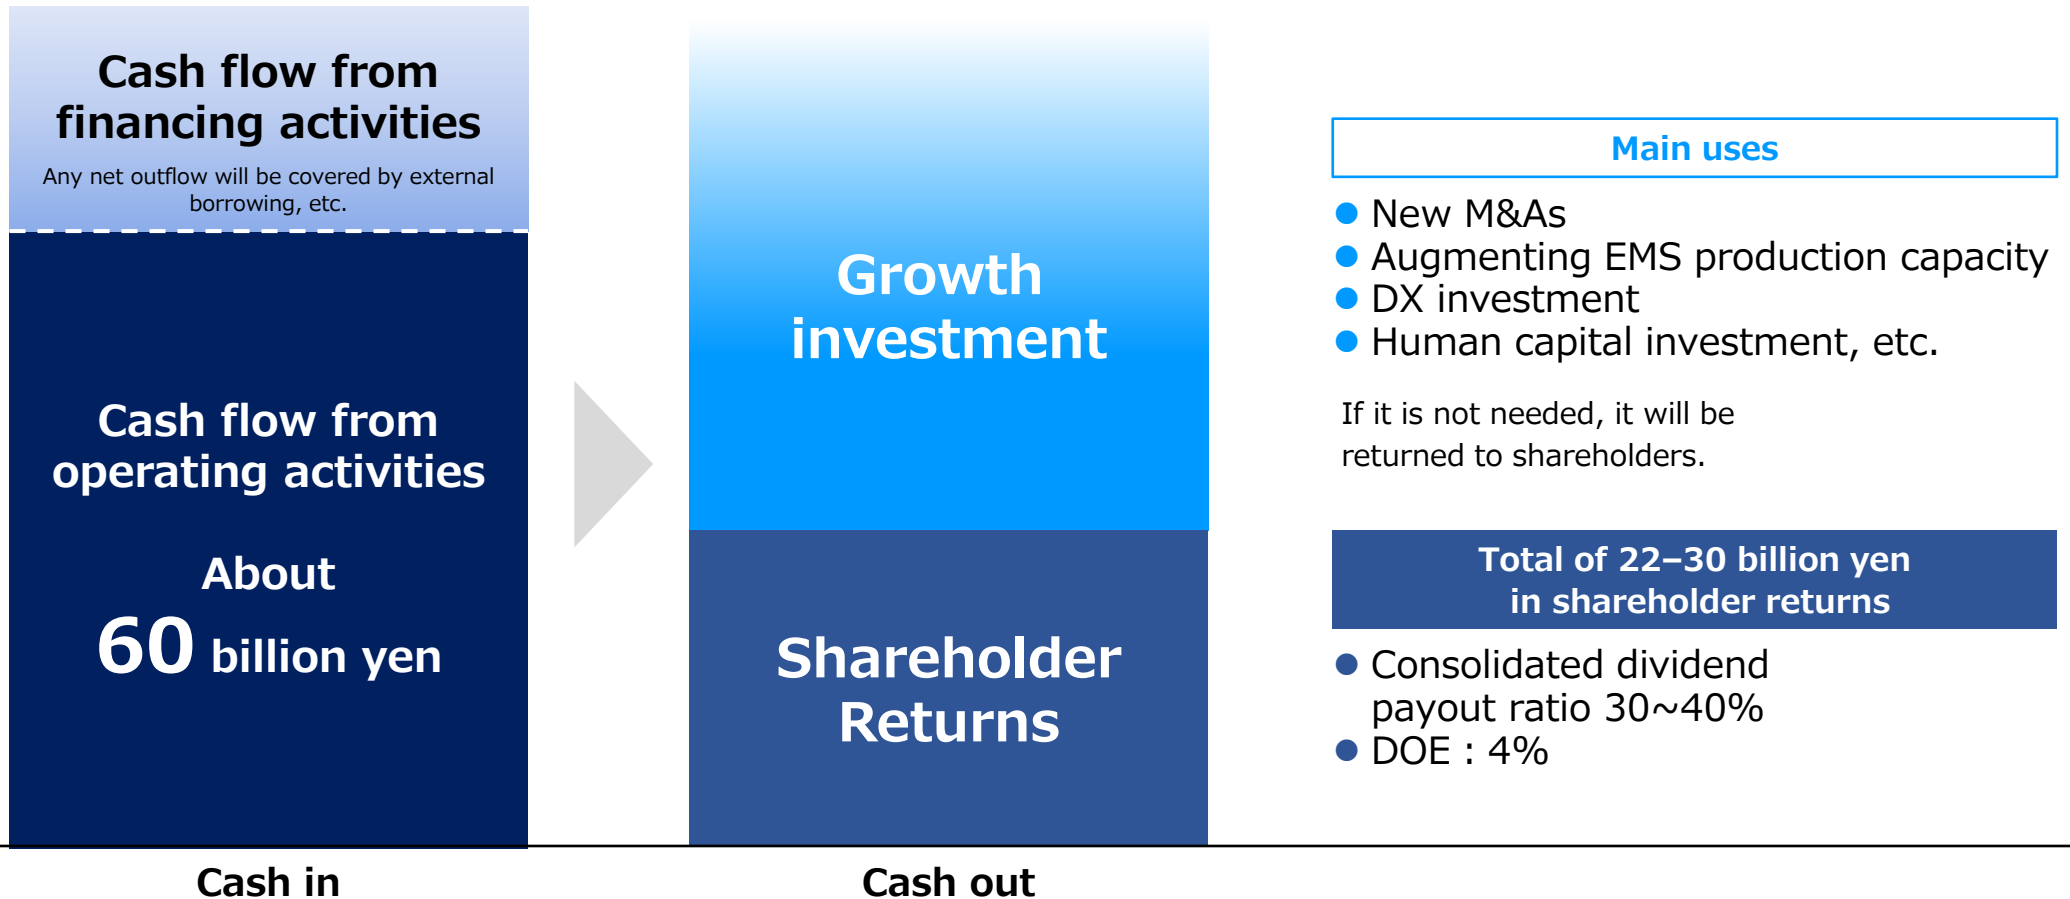

In the 1970s, we began the processing business (today's EMS business) in Japan and China, using partner factories to meet customer needs. Since the 1990s, we have responded quickly to the overseas production shift of Japanese customers by establishing 21 bases in 10 countries around the world, starting with Shenzhen and gradually expanding our own factories.

	1990s	2000s	2010s	After 2020	Priority measures	Priority areas	Net Sales (billion yen)			
<b>Japan</b>		Acquisition of Heiman Electronics (Yamagata) ('02)	Acquisition of Towada Pioneer, Construction of factory in Fukushima ('19)	Kyokuto Electric (Tottori) becomes a subsidiary ('20)	<ul style="list-style-type: none"> <li>Capturing demand from customers returning to domestic production</li> <li>Standardization and advancement as a mother factory</li> </ul>	<b>In-vehicle·Air-conditioner·Medical, etc.</b>	2026/3	46.3	<b>2028/3</b>	<b>80.0</b>
<b>China</b>	Shenzhen ('99)	Suzhou (2 factories) ('09)	Xiaogan (Hubei)('15)		<ul style="list-style-type: none"> <li>Cultivating local Chinese customers and supporting production at optimal locations within the Group</li> <li>Developing and strengthening sales of automated equipment</li> </ul>	<b>In-vehicle·Industrial</b>	2026/3	45.8	<b>2028/3</b>	<b>55.0</b>
<b>Asia</b>		Thailand('02) Malaysia('00)	Vietnam('17) India('18) Indonesia('14)	Thailand 2nd('19) Malaysia new('22) Thailand 3rd('25) Singapore('26)	<ul style="list-style-type: none"> <li>Investment in own factory in anticipation of demand in India and for exports</li> </ul>	<b>In-vehicle·Air-conditioner·Information, etc.</b>	2026/3	45.8	<b>2028/3</b>	<b>50.0</b>
<b>Europe</b>		Czech Republic('19)	Turkey('18)	Turkey new('23)	<ul style="list-style-type: none"> <li>Capture Japanese customers' demand for local production for local consumption</li> <li>Developing local customers in Europe</li> </ul>	<b>Air-conditioner·Industrial·Telecommunication, etc.</b>	2026/3	9.0	<b>2028/3</b>	<b>10.0</b>
<b>America</b>			Mexico('16)	Mexico new('24)	<ul style="list-style-type: none"> <li>Investment in second phase of factory in Mexico in anticipation of stronger demand from South America</li> </ul>	<b>Air-conditioner·In-vehicle·Medical, etc.</b>	2026/3	7.9	<b>2028/3</b>	<b>35.0</b>

## Basic approach

We will actively allocate the cash we generate to growth investments and shareholder returns in order to improve corporate value while maintaining financial discipline.

FY2025–FY2027

# Policy on Shareholder Returns

- With the aim of more actively paying dividends to shareholders, we will increase the consolidated dividend payout ratio to 30–40% and strive for dividend growth through medium- to long-term profit growth.
- For the ordinary dividend, “DOE of 4.0%” will be used as the new target for stable and continuous ordinary dividend payments.
- Additional measures aligned with profit levels and capital efficiency will be flexibly implemented through special dividends and acquisition of treasury shares.

<p>Medium- to long-term dividend growth guideline</p> <hr/> <p>Consolidated dividend payout ratio</p> <p><b>30 ~ 40 %</b></p>	<p>Target for stable dividends</p> <hr/> <p>DOE (consolidated dividend on equity ratio)</p> <p><b>4.0 %</b></p>	<p>Flexible return policies</p> <hr/> <p>Special dividends, acquisition of treasury shares</p>
---	---	--

Note: The Company conducted a two-for-one stock split of its common stock effective October 1, 2024. The amounts indicated above related to dividend paid for the periods prior to October 1, 2024, are adjusted for the said stock split.

# Progress in the First Year (FY2026/3)

- Aiming to further enhance corporate value by accelerating, starting in the first year, execution of the priority measures set out in the MTMP※.

Priority measures	Major corporate action				
<b>M&amp;A Challenges</b>	<p>■ July 2025: Acquisition of Kyoei Sangyo Co., Ltd.</p> <p>Made Kyoei Sangyo a consolidated subsidiary through a tender offer, at an acquisition price of 10.7 billion yen, and recognized a 7.6 billion yen gain on bargain purchase</p>				
<b>Implementation of capital strategy</b>	<p>■ August 2025: Acquisition and cancellation of treasury shares totaling 14.4 billion yen, 4.92 million shares (9.4% of shares issued)</p> <p>Acquired all of our common shares held by our four main banks and canceled all of them</p>				
<b>Recent earnings progress</b>	<p>■ August 2025, November 2025, and February 2026: Steady earnings progress, with three upward revisions during the fiscal year</p>				
	<b>FY2025/3</b>	<b>FY2026/3</b>		<b>Results</b>	<b>FY2027/3</b>

ROE (%)	10.8%	10.0%	16.5%	17.8%	10.5%

# Management that is Conscious of Cost of Capital and Stock Price

## Trends in ROE

## Trends in PBR

### Current assessment

- ROE has remained in the double-digit percentage level, exceeding the cost of capital, but has been on a gradual downward trend for the past two years. We expected it to be 16.5% for FY2026/3.
- PBR has been improving noticeably since the previous medium-term management plan period, and has remained above 1x since February 2023. After falling below 1x following the sharp drop in the TSE in August 2024, the PBR recovered to above 1x after the share repurchase in August 2025.

### Future initiatives

- |   |   |
|---|---|
| 1. Steady implementation of the medium-term management plan | Aim to achieve management targets by working on business growth and profitability improvements in line with the medium-term management plan.              |
| 2. Improvements to shareholder satisfaction                 | Raise the consolidated dividend payout ratio to 30–40% and set DOE at 4.0% as a guideline for stable and sustainable dividends.                           |
| 3. Promotion of SDGs Management                             | Establish and announce GHG emission reduction targets in Scope 1–3, and improve evaluations by external organizations such as CDP and TCFD.               |
| 4. Maintenance and reinforcement of proactive IR activities | Further increase confidence in the Company's management and reduce the cost of capital through broader disclosure to capital markets and active dialogue. |

Note: The Company conducted a two-for-one stock split of its common stock effective October 1, 2024. The amounts indicated above related to stock prices and BPS for the periods prior to October 1, 2024, are adjusted for the said stock split.

# SDGs Management (Sustainability) Initiatives

While aiming to achieve the quantitative targets established in the Medium- to Long-Term Sustainability Management Plan, we will play an active role in realizing a sustainable society and work to achieve sustainable growth in corporate value.

	Main themes	Typical KPI
<b>Environmental</b> Create a clean global environment	Achievement of shift to 100% renewable energy	<ul style="list-style-type: none"> <li>Domestic sales offices: 2030</li> <li>Domestic manufacturing sites: 2050</li> </ul>
	Shift to electricity for company-owned vehicles	<ul style="list-style-type: none"> <li>Domestic sales vehicles – 2030: 100%</li> </ul>
	Reduction of CO2 emissions	<ul style="list-style-type: none"> <li>FY2030 [Scope 1+2:-42%、Scope 3:-25%]</li> </ul>
<b>Social</b> Create an inclusive company as well as an affluent society	Diversity and human resource management	<ul style="list-style-type: none"> <li>Percentage of women in management positions 2029: 17%</li> </ul>
	Work-life management and enhancement of productivity	<ul style="list-style-type: none"> <li>Continuation of certification as a Health and Productivity Management Organization</li> </ul>
<b>Governance</b> Create a sustainable management base	Governance systems complying with TSE reforms	<ul style="list-style-type: none"> <li>Appointment of female outside directors (Done in June 2025)</li> </ul>
	Further strengthening the supervisory and oversight functions of top management over business execution	<ul style="list-style-type: none"> <li>Transition to a company with an audit and supervisory committee structure (Done in June 2025)</li> </ul>

# **Electronic Components Business**

# Business Flow of the Electronic Components Business

We provide optimal solutions to customers through our cutting-edge information network and our component procurement system, which leverage the Group's network.

Our strengths are our independence, meaning that we are not affiliated with any other manufacturer, our global reach, which extends around the world, and the professional skills of our technical teams.

<p>The advantage of an independent trading company</p>	<p>As an independent comprehensive trading company, we have access to a vast range of parts. We have earned our customers' trust and developed vast expertise in our 50 years of business.</p>	<ul style="list-style-type: none"><li>• Kaga Electronics trades directly with more than 8,900 suppliers in Japan and abroad and more than 10,700 customer businesses.</li><li>• As an independent trading company, we are not limited in the goods that we carry. We use this advantage and our worldwide network to connect large numbers of suppliers and customers and ensure that customers get the optimal product in the ideal form.</li></ul>
<p>The power of a global network</p>	<p>We utilize our ability to gather information to foresee the future, as well as the power of a Group working in a wide range of fields.</p>	<ul style="list-style-type: none"><li>• Kaga Electronics boasts a global network of more than 60 companies around the world, including North America, Europe, and Asia. Our Group power enables us to rapidly gather and deliver the latest knowledge and unpublished information that is unavailable to our competitors.</li><li>• We also offer full support through our local subsidiaries. We provide the solutions you need, wherever you need them.</li></ul>
<p>Technical support system</p>	<p>Our experienced technical teams can be counted on. Our dependable system today is the product of years of earning trust.</p>	<ul style="list-style-type: none"><li>• Our technical teams include field application engineers (FAEs) who are experts in the latest technologies. We offer not only optimal products, but also a sense of trust backed up by our track record.</li><li>• This gives our customers peace of mind even when using products developed by cutting-edge venture companies that are not yet well known.</li></ul>

## Trend in Net Sales by Industry

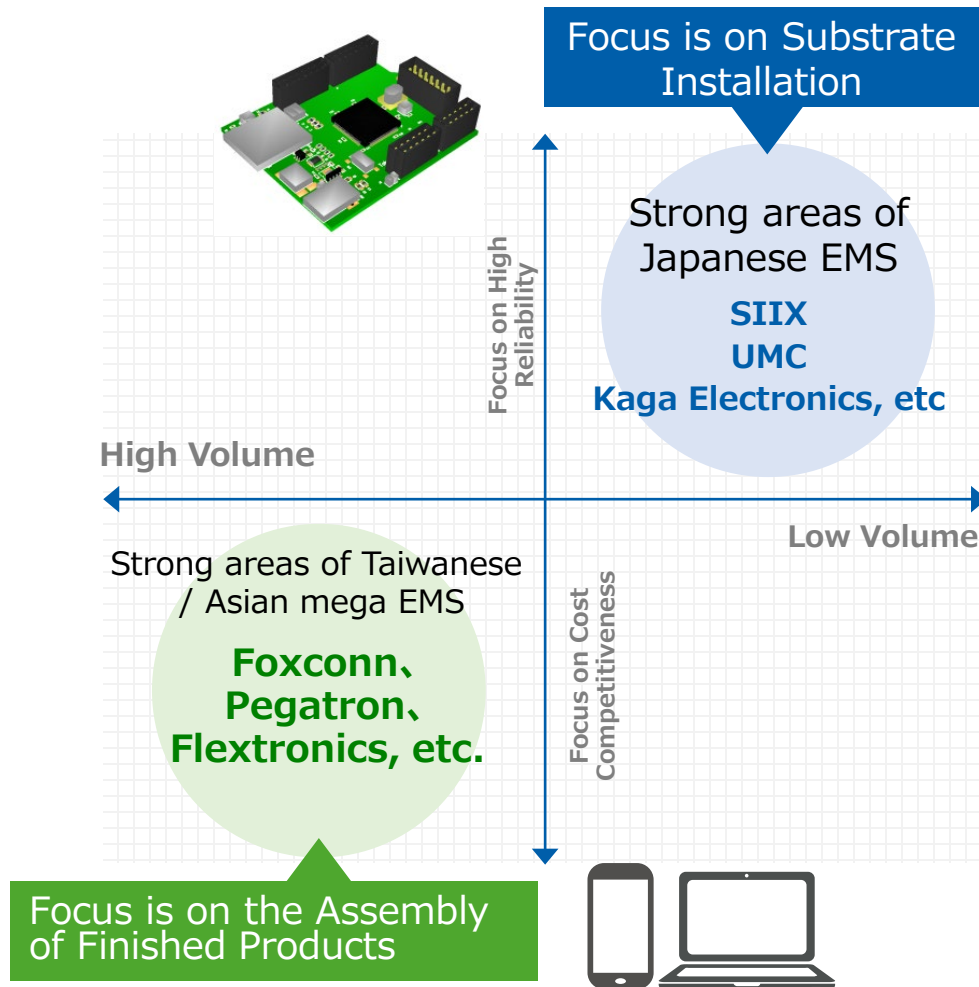

# EMS Business

---

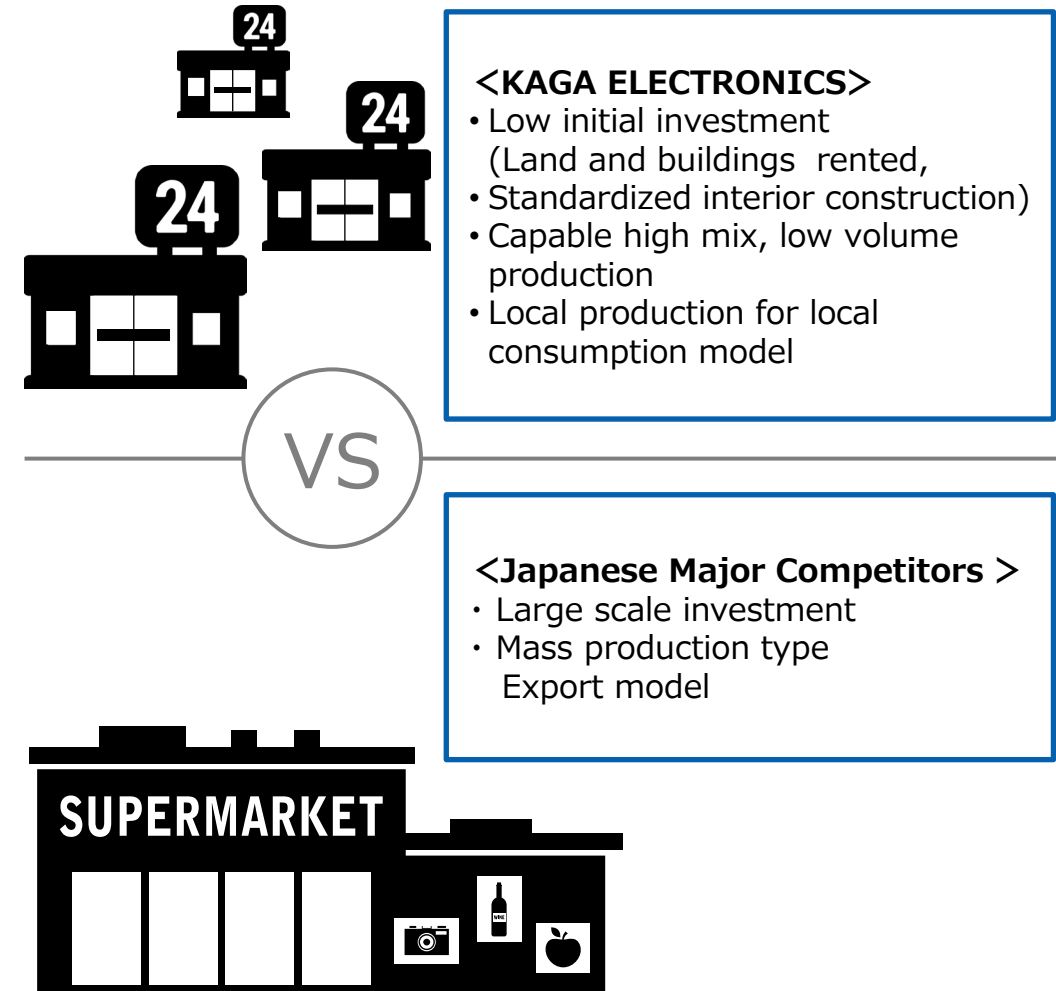

# The Strengths of Kaga's EMS : Convenience Store EMS

We Kaga Electronics globally deploys a "Convenience Store EMS" that is convenience and valuable for its customers.

## Japanese EMS vs Taiwanese / Asian EMS

## Convenience Store EMS vs GMS EMS

# In-house Development of Manufacturing Equipment

We will provide customers with total substrate mounting solutions with overwhelming cost competitiveness, high quality, and high reliability, by merging with major Chinese equipment manufacturers and developing, designing, and producing manufacturing equipment.

## (1) Solder paste printer

A machine for printing solder paste on printed circuit boards

## (2) Insertion machine

A machine for wave soldering components such as through-hole components that cannot be mounted with surface mounting technology

## (3) Reflow oven

A device that transports printed circuit boards on a horizontal conveyor and uses hot air to melt and solidify solder paste

## (4) Solder paste inspection machine

A 3D solder inspection machine that measures solder volume and position deviation to prevent defects

## (5) Surface mounting equipment

An automated high-speed, high-precision machine that mounts tiny electronic components onto printed circuit boards

## (6) Automated optical inspection

An automated optical inspection machine that detects soldering defects such as bridging and insufficient solder

Through the acquisition of Towada Pioneer Corporation (currently KAGA EMS TOWADA CO., LTD.), we will further improve the quality level of the EMS business and improve our competitive advantage compared to other competitors, by sharing the tangible and intangible assets developed through many years as a specialist electronics manufacturer, such as manufacturing know-how, exceptional production personnel and equipment, jig design, and quality assurance systems.

We will also designate KAGA EMS TOWADA as the “mother factory” of the EMS business, connect with overseas sites, promote overall optimization, strengthen the management framework, and improve business efficiency.

## KAGA EMS TOWADA

TOWADA-SHI, AOMORI, JAPAN

Number of employees : 183

【1st Factory】                      【2nd Factory】

Site area      22,363m<sup>2</sup>      Site area      7,201m<sup>2</sup>

Building area 10,719m<sup>2</sup>      Building area 2,545m<sup>2</sup>

### Main production items

Circuit board mounting and electronic equipment  
assembly and inspection

- ◆Automotive related
- ◆Medical device related
- ◆Consumer product and industrial equipment  
related, food processing equipment related, etc.

### Acquisition date

October 2019

- In April 2024, the new Mexico plant began operation as initially planned.
- Aiming for 'sales of 50 billion yen' over the next 5 years to meet the growing production demand that is expected for North and Latin American markets
- Launched "TAXAN-SWE MEXICO," a finished product assembly plant adjacent to the new plant in Mexico We will establish an integrated production base that encompasses component molding, and sheet metal processing, in addition to circuit board assembly.

## TAXAN MEXICO S.A. DE C.V.

### Outline of the New Factory

Location : Parque Industrial  
Millenium, Arroyos,  
San Luis Potosí

Number of  
Employees : 718

Land area : 80,000m<sup>2</sup>

Floor area : 20,000m<sup>2</sup>

Expected Investment Amount :  
total around 5 billion yen  
over the next five years.  
(includes the land  
purchase and buildings)

### Items produced

Assembly of automotive lighting units and circuit boards for air-conditioning equipment, etc.

### Start of operation

April 2024

With global production plants located in China, ASEAN, Europe, and the Americas, we have the capacity for local production that meets the needs of customers. We provide comprehensive support, including product design and development as well as high-mix low-volume production, so that we can flexibly accommodate everything from semi-finished to finished products.

## CHINA : KAGA (SHENZHEN) ELECTRONICS

### Outline

Established : 1999  
Number of employees : 1,134

### Production Items

Automotive, Industrial, OA, Amusement and communication equipment

## ASEAN : KAGA ELECTRONICS (THAILAND)

### Outline

Established : 2002  
Number of Employees : 985

### Production Items

Automotive, OA, Air conditioning and Industrial equipment

## EURO : KD TEC TURKEY

### Outline

Established : 2018  
Number of employees : 275

### Production Items

Electrical units for air conditioners and Substrates for electric tools, Automotive equipment substrates

## ASEAN : KAGA (SINGAPORE) ELECTRONICS

### Outline

Established : 1994  
Number of Employees : 10

### Production Items

Installation of substrates for electronic and electrical equipment  
※April 2026 (planned)

## Electrical Compressor Units

## Lighting Units for Automotive

## Medical Equipment

Automated Medication  
Dispensing Cabinet

## Air Conditioner Unit

## Products for Electrical Tools

## Substrate for Office Equipment

# Medium- to Long-Term Sustainability Management Plan

(Extract from materials published on November 25, 2021)

---

Under our corporate philosophy of "Everything we do is for our customers," the Kaga Electronics Group seeks to achieve both a sustainable society and sustainable growth of the Group.

Toward this purpose, we will respect dialogue with customers, business partners, shareholders, investors, employees, local communities, and all other stakeholders, based on our Basic CSR Policy, Environmental Policy, and Action Guidelines. We will work to increase our corporate value as we play an active role in achieving a sustainable society.

## **1 We will tackle environmental issues through our business activities**

Through our business activities, we will take action to cut CO<sub>2</sub> emissions, reduce waste, and promote reuse. At the same time, by providing environmentally considerate products and services, we will contribute to bringing about a society that values the global environment.

## **2 We will respect human rights and develop human resources**

We will respect the human rights of all stakeholders, regardless of gender, age, nationality, social status, disabilities, or other personal attributes. We will develop work environments in which diverse employees can work in safety and health, both physically and mentally, and will develop personnel systems and education and training systems that allow these employees to maximize their individual abilities. We will further work to develop human resources who will take on the challenge of innovation.

## **3 We will work to build mutual trust with society**

We will work to be a company that earns the trust of society by observing laws and regulations, by strengthening our governance structure, and by sincerely engaging in fair competition, the provision of high-quality products and services, timely and appropriate information disclosure, and other corporate activities.

The Kaga Electronics Group is committed to seriously addressing a variety of issues relevant not only to itself but also communities around the world and thereby living up to the expectations of society. In line with this commitment, the Group has employed four perspectives— Environmental (E), Social (S), Governance (G) and Business (B)—to identify priority issues that are deemed to exert significant impact on its business operations, as listed below. Through its efforts to tackle the materiality of these issues, the Group will practice corporate activities aimed at contributing to the realization of a sustainable society, with the aim of further improving its corporate value.

	Materiality	Related SDGs	Changes in the socio-economic environment	Our initiatives
<b>E</b>	Create a clean global environment	 	<ul style="list-style-type: none"> <li>• Growing seriousness of global warming and other environmental problems</li> <li>• Urgent call for carbon neutrality</li> </ul>	<ul style="list-style-type: none"> <li>• Provide products and services designed to help resolve environmental and energy issues</li> <li>• Continue initiatives to reduce the environmental burden</li> </ul>
<b>S</b>	Create an inclusive company as well as an affluent society	  	<ul style="list-style-type: none"> <li>• Changes in social structure as we move toward the popularization of the new normal</li> <li>• Human resource shortages attributable to a low birthrate and an aging population</li> </ul>	<ul style="list-style-type: none"> <li>• Promote workforce diversity and innovative work styles to better adapt to the new normal</li> <li>• Develop human resources by passing down and updating KAGA-ism</li> </ul>
<b>G</b>	Create a sustainable management base	 	<ul style="list-style-type: none"> <li>• Public calls for more robust corporate governance</li> <li>• Growing need for business resilience against changes in the operating environment</li> </ul>	<ul style="list-style-type: none"> <li>• Further strengthen corporate governance and compliance</li> <li>• Thoroughly practice a profit-focused management approach</li> </ul>
<b>B</b>	Realize sustainable business growth	  	<ul style="list-style-type: none"> <li>• Progress in digital transformation</li> <li>• Coming of a “super-smart” society due to the popularization of ICT, such as IoT and AI</li> <li>• Intensification of global competition</li> </ul>	<ul style="list-style-type: none"> <li>• Provide products and services that contribute to the transition to a digital-driven society</li> <li>• Create new businesses aimed at helping</li> </ul>

# Medium-to long-term sustainability targets and major KPIs

	Key themes	Issues to address and issues to examine	Medium-term targets	Key themes	FY2025 Results
E	Achievement of shift to 100% renewable energy	• Adoption of renewable energy at domestic sales offices	2024: 40% (1%)	2030:100%	Renewable electricity adoption rate has reached 13.2%. Achieved target of 40% adoption of renewable energy through purchase of non-fossil certificates
		• Adoption of renewable energy at domestic manufacturing sites	By 2024: Information gathering/analysis and determination of policy •In-house power generation/external procurement	2030: 50% 2050:100%	Solar power self-sufficiency reached 8.4% at the Towada Factory, and 26.5% at the Fukushima Business Office, bringing the overall renewable energy adoption rate to 18.4%.
		• Adoption of renewable energy at overseas manufacturing sites	•Solar panel/biomass power generation/renewable energy businesses	2030: 30% 2050:100%	The Mexico Factory received approval for solar power generation and began operations in January 2025, increasing its renewable energy adoption rate to 21.2%. Purchase of I-RECs (renewable energy certificates) is under consideration for leased manufacturing sites.
	Shift to electricity for company-owned vehicles	• Switch to electric vehicles for domestic sales vehicles (EV, HV, PHV, FCV)	2024: 85% (78.5%)	2030:100%	Ratio of electric vehicles: 90.2% (83.2% including Kyoei Sangyo Co., Ltd., which became a group company in June 2025)
S	Diversity and human resource management	• Ensuring diversity in core human resources (Women, foreign nationals, mid-career hires) • Initiatives to employ elderly workers and persons with disabilities	Percentage of female new graduates in general positions 2023: 30% (5.8%) Percentage of women in management positions 2024: 15% (13.3%)	Ratio of women among new graduates hired as career-track employees 2028: 40% Ratio of women among managers 2029: 17%	<Percentage of female new graduates in general positions> 22.7% <Percentage of women in management positions> 17.3%
	Work-life management and enhancement of productivity	• Acquisition of certification as a Health and Productivity Management Organization	2022: Implementation of review 2023: Certification	2025: Obtain external certification 2024-onward: Maintain status as an outstanding organization	Continued acquisition of certification as a Health and Productivity Management Organization
G	Restructuring the governance structure in response to the revision of the Corporate Governance Code and the reorganization of Tokyo Stock Exchange	• Increasing the number of independent outside directors so that they account for one third or more of the Board membership • Establishing a Nomination and Compensation Committee	Done in June 2021	Set targets in conjunction with the next round of revisions to the CG Code	Appointment of a female outside director subject to approval at the general shareholders' meeting in June 2025
		• Diversification of the Board of Directors	By June 2022: Determination of policy		No revision of the CG Code
	• Full compliance with Corporate Governance Code for Prime Market	Performed in November 2021	Decision made on expanding membership of important meetings to delegation-based executive officers		
	Further strengthening the supervisory and oversight functions of top management over business execution	• Adoption of delegation-based executive officer structure	April 2022: Enactment		Transition to a Company with an Audit & Supervisory Committee structure subject to approval at the general shareholders' meeting in June 2025
• Transition to structure of company with committees		By March 2023: Determination of policy	<Percentage of female new graduates in general positions> 22.7% <Percentage of women in management positions> 17.3%		

\*Numbers in parentheses represent values at the time of planning: Nov. 2021
